Temples of Bagan, Myanmar

Known by travelers world-wide for its historical splendor and incredible beauty, Myanmar remains one of the last undisturbed cultures in South East Asia. With monuments and temples dating back centuries A.D., the culture and genuine hospitality of the over 400 tribes in Myanmar remains unspoiled. There have been negative news reports about Myanmar in the past, but those who have visited Myanmar know of its many wonders and the wonderful hospitality of its people. This year's tour, led by Domo Owner and AHAN (Aikido Humanitarian Active Network) Founder, Gaku Homma, will be a unique adventure in cross-cultural exchange as this tour will also be bringing supplies and support to the newly established AHAN Learning Center in Yangon. Ultimately, this tour promises to be a memorable and rewarding way to experience the beauty, culture and history of the Myanmar people. This tour will also include a visit to the Yadanapon Yeiknyein Buddhist Temple Orphanage where AHAN has begun a program of humanitarian aid supplying ½ of rice per month to help support the children living there.
